“ This man had a heart of Gold and was always so kind to me every time I saw him.. I know how important he was to his family and all who knew him.. and he showed it back. He just always had such a warm, and giving aura about him... He was a wonderful man and I always witnessed him so good to everyone around him and Helen. He was a wonderful example of goodness in this world!!  
You are Uncle Jay to many and you will be missed by all who knew you!! I know I am so happy that I had a chance to know you in this lifetime. It was an honor and a privilege!!  
I also know he loved making those pizzas for everyone too and was so proud of them as he should have been, they were delicious!!

“ Jack Goins my brother has been a blessing to me and my family. He departs this world and enters the heaven of God's special people. There were 3 brothers in the hospital at the same time, 1 in Michigan, 1 in California, and 1 in Arizona, God has choosing to take the oldest brother Jack to be with him first. Then for some unknown reason to me he now has my youngest brother Kenneth Goins with Doctors giving him 2 - 4 months to be with God and members of my family. Still uncertain is when he wants me too. I can't understand the reason for the roll call to heaven only to presume God has more work for me to do . I love my family's where ever that are and proud to be a Christian and believe in the power of God. I ask for God's blessings for my brothers and his healing power for my youngest brother Kenneth , I have lived a full life and would gladly go in his place so he can have more time here on Earth with his family. My mother has taught her 13 kids to do the right things in life and God will watch over all of us and we'll meet again in heaven with no sorrels, pain and suffering. I pray to God to bless us all for our journey vto heaven. im sorry vi can't be there at the service in person due to health reasons however they will always be in my mind, heart and sole , We will always love them and cherish the time we had together. I ask in God name for blessing for all the family's.

“ The family is saddened by the loss of our brother Jay. If a job needed to be done, regardless of the size or the complexity, Jay would jump right into the middle of it and fit, repair or solve the problem. While others would think about things, Jay would do it.

In the years past, Pam and I had the experience of Jay and Helen visiting us for a few months for several years in a row. Prior to their arrival Jay would tell me to make a list of everything I wanted done and completed. When they arrived, often I would relate that "I lost the list. "

We did complete a lot of things around the house, and the list got shorter. I would often tell Jay that the "union" was after me because we were working too hard. Of course I would make a "schedule" of our projects and insert numerous "breaks" which we had to accommodate thereby having to work only about 15 minutes every hour. "At that rate we will never get done" he would often say. Of course that was my plan! I would say, "we have to save something for tomorrow to do."

We always had a wonderful time, and enjoyed many things together. We built a great many memories and enjoyed each other's company. Working on cars, building projects and fixing things, in all that, we had fun! In some ways Jay was a diamond in the rough; what we didn't have or needed Jay always found a way to achieve our goal or we completely destroyed what we were working on!

Family: Wife, sons and daughter, grandchildren, great grandchildren, father in law, numerous friends, uncle for many, we will always love you and miss the one we knew.

Best of all: He knew the Lord Jesus Christ and now celebrates in heaven with his son Ronald, his mom and dad, Sisters: Grace, Donna Mae, Willeane, Juanita and brother Homer. Your family will always love you and never forget you, JAY.

“ I will always remember my uncle Jack we called him uncle J he was a good man and had a fun side and a serious side - As a kid I always thought he was real serious- he would call my mom just about every Saturday morning and say hello is your mother there in a big deep voice- Then mom would get on the phone and within minutes she would be laughing and cutting up like a kid - I could never as a kid figure out what was so funny - and he seemed so serious when I answered the phone- Then I grew up I would see him at family get togethers and he was always goofing off kidding around with uncle Bob or one of the aunts -He would talk with me get me laughing usually about something uncle Bob did to him - I will miss uncle J - Love Robert and Tami and girls

“ We where so saddened to hear of the loss of Uncle Jay. We fondly hold the memory of Uncle Jay bringing us fresh walnuts from his trees. The first year he brought us shelled walnuts and laughing said “Don't get used to these shelled walnuts, next year you get the whole thing!” He was not kidding! There after, he brought the whole thing! Uncle Jay always had a good joke, a sly grin and a contagious laugh. He will truly be missed. Hugs to all of you from Florida. Len and Georgianna Lingar
